Hi Claire and Roshni,

Will your team be available January 6th or 7th from 3:00 to 4:00 pm? Please let us know and we will send a Zoom meeting invite.

Thanks,
Diana

Hi Claire,

Thank you for getting back to me. Great, I will coordinate some dates internally and get back to Roshni. I will also be out starting next Wednesday. Hope you have a good vacation.

Thanks,
Diana

Diana – why don't you suggest some times for the meeting in January. Roshni can work with you to schedule the meeting for EPA as I will be out the next week. Thanks.

Hi Claire,

If possible, we would like to coordinate to schedule a meeting for January. I know the last two weeks of December many people will be out and I would like to get it on everyone's schedule before it fills up. This would also allow more time to make any edits, if needed, prior to the meeting.

Thanks,
Diana

Thanks Diana. We will get back to you. I am copying two colleagues at EPA who will be assisting with the presentation, Roshni Brahmbhatt and Laura Yannayon. I assume that it will be virtual? Thanks.

Hi Claire,

Hope you are doing well. The meeting is still scheduled for January 27th. In preparation for that meeting, we would like to find some time to meet and touch base with you on the presentation. Please let us know U.S. EPA's availability and we will coordinate a meeting with the appropriate departments. In the interim we wanted to provide some information regarding the presentation that we hope the U.S. EPA will be able to present on at the meeting (see table below). Please let us know if this works for you and if you have any additional questions or concerns.

Agenda Item	Purpose/Objective	Responsible Division/Presenter	CERP Action Location	Length
Greenleaf Desert View Power Plant	<ul style="list-style-type: none">• Reinforce U.S. EPA authority regarding the facility• Provide background information on the facility (e.g., function, type of equipment and controls)• Provide general information on permitting, rules, and emissions• Update the Committee Steering Committee (CSC) on enforcement activities/inspections (<i>South Coast AQMD Compliance & Enforcement Team can also provide additional information on joint inspection</i>)	U.S. EPA – Claire Trombadore	Chapter 5g: Action A	10 -12 slides/ 15 minutes, with and additional 20 minutes for Q & A

Best regards,

Diana Thai

Hi Claire,

Thank you for the clarification. We're currently scheduled for **January 27, 5-7:30 pm**. This is tentative as our 2022 schedule has not yet been approved. We hope to have a set date after our December 7 CSC meeting. Do you have an estimate on how long your presentation would be? Typically, our presentations are 10 minutes with an additional 10 minutes for Q&A. We also try to keep them high level, so we don't overwhelm CSC members.

Let me know if you have further questions.

Thank you!

PP

Thanks. Kathryn had suggested that I connect with Diana and I sent her the email below:

I connected with Kathryn Higgins regarding EPA's request to be on the agenda the AB617 Eastern Coachella Valley (ECV) Community Emissions Reduction Plan (CERP) meeting planned for December. Kathryn let me know that the agenda is too full to allow EPA to present to the community about the Greenleaf Desert View Power. She said that Desert View Power could be a discussion topic on the next ECV meeting planned for the February/March timeframe. She asked me to work with you on that next meeting so I am reaching out. Please let me know when the date and time of the meeting is confirmed so that we can block it out on our calendars and prepare. Thank you.

Thank you.

Hi Claire,

Hope you're doing well. Diana is out until November 30, but please let me know how I can help. I am unable to see the original email you sent her before the automatic response.

Thanks!
